We regularly monitor our risks in this area using relevant key performance indicators, including:

- Randomly selected workers are interviewed on a weekly basis to ensure there are no safeguarding or modern slavery issues
- Weekly payroll reports to check for duplicate bank details and duplicate addresses

- % of staff completed training

Alongside this our systems have been internally developed to prevent any risks of modern slavery prior to workers beginning work, including:

- Modern Slavery questionnaire as part of registration
- Bank detail check to ensure the bank account is that of the worker.
- Photo taken of the registered candidate to avoid imposters and to feed into our time and attendance system.

As part of our efforts in this area, we publish a modern slavery statement on an annual basis. We would also recommend reading this in conjunction with our other policies, including our:

- Ethical Trading Policy
- Anti-bribery / corruption policy
- Whistle-blowing policy

This statement was adopted on 6<sup>th</sup> January 2025 after being agreed by our Senior Leadership Team. It is reviewed annually.
